Archive Fever: A Freudian Impression

It is a transcript of a very important lecture Derrida gave in June of 1994 entitled The Concept of the Archive: a Freudian Impression. Derrida begins the exposition by giving a deconstructive exegetic analysis of the word "archive" as an etonym of the Greek "Arkhe" which originally meant "commencement" or "commandment" in the ancient Greek dialect.

Archive Fever: A Freudian Impression (Religion and ...

In Archive Fever, Jacques Derrida deftly guides us through an extended meditation on remembrance, religion, time, and technology—fruitfully occasioned by a deconstructive analysis of the notion of archiving. Intrigued by the evocative relationship between technologies of inscription and psychic processes, Derrida offers for the first time a major statement on the pervasive impact of electronic media, particularly e-mail, which threaten to transform the entire public and private space of ...

Archive Fever: A Freudian Impression by Jacques Derrida

Archive Fever: A Freudian Impression. Archiving represents both attempting to preserve something to be remembered and leaving out something to be forgotten. Derrida notes that this impulse with contradictory purposes is found in individual and collective minds, historically and fictionally.

Archive Fever: A Freudian Impression | Jacques Derrida ...

Archive Fever: A Freudian Impression (French: Mal d'Archive: Une Impression Freudienne) is a book by the French philosopher Jacques Derrida. It was first published in 1995 by Éditions Galilée. An English translation by Eric Prenowitz was published in 1996. Summary

Archive Fever - Wikipedia

mythologizing than libraries, most famously by Derrida in Mal d'archive (Archive Fever: A Freudian Impression). The human need – a burning passion – for archives according to Derrida (142) rests as much on the possibility of forgetting as on a sense of finitude, which forces us on an endless search for the archive before it slips away.

—Jacques Derrida, Archive Fever: A Freudian Impression production/distribution For the last few years I have curated Eclipse, an online archive of some of the most radical small-press writing from the last quarter century, presented as both facsimile image files and text documents. Additionally,

Archive Fever: A Freudian Impression

This difficult essay – originally a lecture delivered by Derrida in 1994 under the title ‘The Concept of the Archive: A Freudian Impression’ – is significant because it calls for a rethinking of the archive in the light of changes brought about by digital communications and storage media. The jacket cover of this book claims that it offers ‘a major statement on the pervasive impact of electronic media, particularly e-mail, which threaten to transform the entire public and private ...
