I bought this EOS 3000 camera because it had the EF 38-76mm 1:4.5-5.6 Canon Zoom Lens, which I wanted to use with my other EOS series cameras. However, I was impressed with the functions it has. At first, it appears as a toy camera with 145 mm × 92 mm × 61.9 mm sized plastic body weighing only 345 g; however, it has some powerful functions, which makes it easier to get good photographs.
