The Creation of the Media: Political Origins of Modern Communications. by. Paul Starr. 3.86 · Rating details · 167 ratings · 15 reviews. America's leading role in today's information revolution may seem simply to reflect its position as the world's dominant economy and most powerful state. But by the early nineteenth century, when the United States was neither a world power nor a primary center of scientific discovery, it was already a leader in communications-in postal service and ...

The Creation of the Media: Political Origins of Modern ...

The Creation of the Media describes how politics shaped the development of print, the postal system, the telegraph, telephone, movies, and radio in the U.S. from the seventeenth to the mid-twentieth centuries. The book is primarily about the U.S., but it often develops points and insights using comparisons with European countries, particularly Britain and France.

The Creation of the Media, by Paul Starr

In this wide-ranging social history of American media, from the first printing press to the early days of radio, Paul Starr shows that the creation of modern communications was as much the result of political choices as of technological invention.

Amazon.com: The Creation of the Media: Political Origins ...

Summary. "In this monumental history, Paul Starr reveals how politics created our media world, from the emergence of the first newspapers and postal systems in early modern Europe and colonial America to the rise of the mass press, telecommunications, motion pictures, and broadcasting in the twentieth century.
